PRODUCT DATA SHEET

CALCI-FREE™ Tankless Water Heater Flush

Description

Calci-free Tankless Water Heater Flush is an efficient chemical cleaner designed for tankless water heaters found in commercial and residential applications. It contains a unique combination of organic and inorganic cleaners, as well as patented corrosion inhibitors.

Applications

Any type of tankless water heater. Do not use on aluminum.

DIRECTIONS FOR USE:

NOT FOR USE ON ALUMINUM

1. Turn off power source (electricity & gas) to the tankless water heater.
2. Shut off main water supply valve to tankless water heater.
3. Close hot and cold water isolation valves.
4. Clean cold water inlet screen of any sediment or dirt.
5. Using the Calci-free Flush Kit Bucket, add and mix full contents of Calci-free™ into two gallons of water until completely dissolved.
6. Connect end of one hose to pump's discharge connection and the other end of same hose to the cold isolation valve on the tankless water heater.
7. Connect the second hose to the hot isolation valve on the tankless water heater and place the other end of the hose directly into the bucket.
8. Place strainer at the bottom of the pail and then place pump on strainer.
9. Open hot and cold isolation valves.
10. Turn on pump and allow solution to recirculate 20 minutes. Follow manufacturer's service manual for specific cleaning instructions.
11. After cleaning is completed, turn off pump.
12. Close cold isolation valve and remove hose from valve.
13. Remove pump from the bucket. Dispose of used cleaning solution in accordance with local regulations.
14. Replace the end of the hose already connected to the hot water isolation valve into bucket.
15. Open main water supply valve to tankless water heater and allow cold water to circulate through water heater into bucket for 5 minutes (empty bucket as needed).
16. Close hot isolation valve and remove hose.
17. Reconnect power source (electricity & gas).

READ SDS AND ALL DIRECTIONS FOR USE, HAZARD AND PRECAUTIONARY STATEMENTS ON LABEL BEFORE USING.

Characteristics | Features

- Thorough Cleaning
- Cleans Circulation Coils
- Fast Acting
- Restores Water Flow & Pressure
- Easy to Use
- No Strong Odor
