

  
**HEATMASTER™**

# **Country Charm**

## **Vent-Free Gas Logs**

## Features:

- Nine individually crafted and hand-painted logs that are very appealing even when not burning. Log set includes decorative coal chips.
- For distinguished taste, "Triple Layer" hand painted log detail.
- Natural looking glowing ember bed.
- Realistic burned through look allows beautiful ember bed to smolder brightly between logs.
- Lifetime warranty for log sets.
- The burner system is engineered to create an incredibly colorful and realistic flame pattern.
- Revolutionary burner system generates substantial radiant heat.

## Benefits:

- Vent Free gas logs are a convenient and clean way to enjoy a beautiful fire in your home, as well as provide supplemental heat with our highly efficient burner system.
- Remote ready rotary control valve with adjustable flame.
- Quick and easy setup, only gas line is needed to get started.
- ODS pilot ensures safe use of log set.

## Options:

- Available in LP or Natural gas.
- Available in 24" & 30" sizes.
- Remote control.

**Proudly made in USA**

| Log Set Size | Height of Front Opening | Width of Front Opening | Width of Back Opening | Depth | Natural BTU   | Propane BTU   |
|--------------|-------------------------|------------------------|-----------------------|-------|---------------|---------------|
| 24"          | 18"                     | 29"                    | 20"                   | 14"   | 25,000/39,000 | 25,000/39,000 |
| 30"          | 20"                     | 38 1/2"                | 20"                   | 14"   | 27,000/40,000 | 26,000/40,000 |
