

SkyBridge

POWERED BY **SKYTECH**

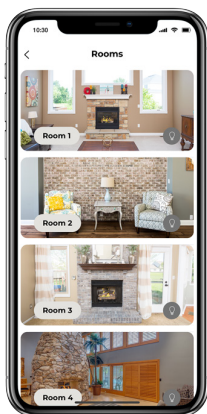

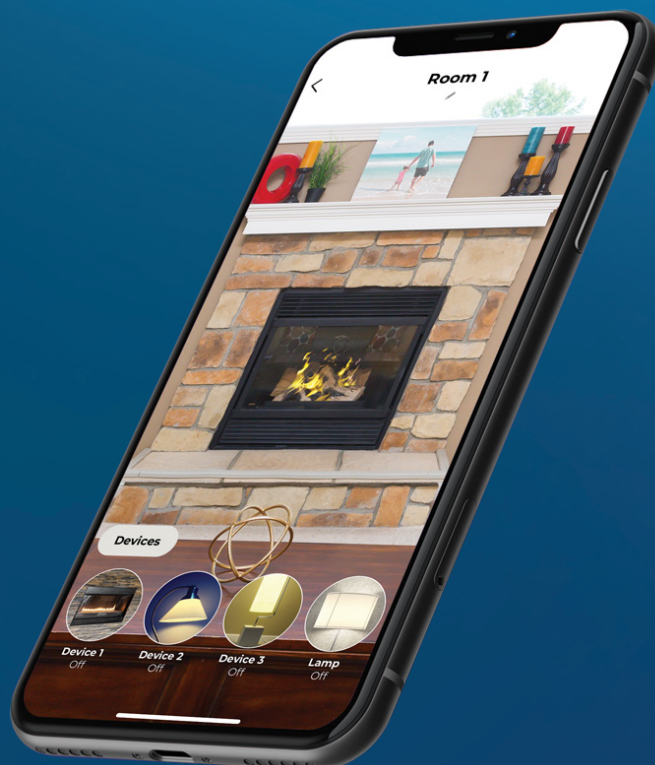

TAKE CONTROL OF YOUR HOME

visit www.skybridgeapp.com
for more information

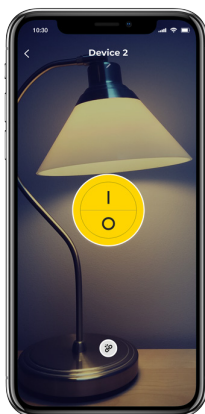

Available on the iPhone
App Store

ANDROID APP ON
Google play

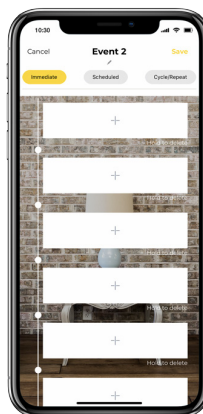

ROOM CONTROL

Control each room in your house independently. Turn everything off or on all at once, or everything individually.

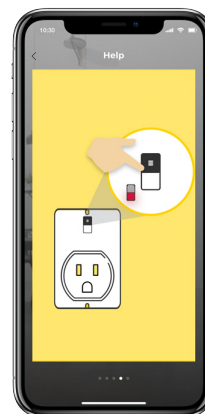

DEVICE CONTROL

Take control of individual devices. Turn on and off fireplaces, space heaters or lamps with SkyBridge.

EVENT PROGRAMMING

Create custom programming from easy to complex events. Control one room at a time or multiple rooms at once.

IN-APP TUTORIALS

Need help with something? Our In-App tutorials are built right into the app so you don't have to hunt for anything.

FUEL THE FIRE

Control your fireplace with the wireless SkyBridge system. Check out the back page for all the different types of systems we offer.

Powered by **SKYTECH**

IT'S NOT JUST AN APP IT'S A SYSTEM

TRUE WIRELESS CONTROL OF YOUR HOME

THE BUTTON

Our newest addition to the Skytech family. A simple On/Off remote that gives visual feedback.

THE BRIDGE

The brains of the operation. This allows the app to communicate wirelessly with multiple receivers.

THE PLUG

If it has On/Off functionality, then plug it in. Control the power of the device from a remote or the app.

THE RECEIVER

With our new receiver design, you can use either a remote or the SkyBridge App to control your fireplace.
